

Dr **Hao Wang** is an Associate Professor at the Department of Mechanical Engineering, National University of Singapore. He is an Alexander von Humboldt fellow (Germany), JSPS fellow (Japan) and visiting professor at Université Paris 13 and Université Paul Sabatier Toulouse (France). He is appointed as a visiting associate professor by the World Research Hub (WRH) Program at the School of Materials and Chemical Technology, Tokyo Institute of Technology (Japan) in 2024. Dr Wang has a persistent dedication to research in the physics of ultraprecision microcutting, additive manufacturing, and intelligent manufacturing. Dr Wang has published 3 monographs and over 120 peer-reviewed papers in renowned academic journals including Nature, Advanced Functional Materials, Additive Manufacturing, International Journal of Machine Tools and Manufacture, etc. He currently serves as an international scientific committee member of The European Society for Precision Engineering and Nanotechnology (euspen), Chairman of The American Society of Mechanical Engineers (ASME) Singapore Section, Associate Editor for the Journal of Intelligent Manufacturing, Co-Editor-in-Chief of Journal of Advanced Manufacturing Systems, youth editor of International Journal of Extreme Manufacturing, editorial board member of Journal of Materials Processing Technology and International Journal of Precision Engineering and Manufacturing-Green Technology.
